

2016 School Corporation Annual Performance Report (APR)

General Explanations

The APR is a report on the performance of schools and school corporations (districts) in your area. The goal is to provide information regarding the progress schools are making to help students become college-and-career ready. Where possible, this report contains three years of data to show trends – not just this year's results. In addition, the State Average is also shown for comparison purposes. There are additional indicators that are available on the Indiana Department of Education's Web site (compass.doe.in.gov), including data broken out by different student subgroups, such as race, gender, income level and special education.

The data in this report have been supplied by the Indiana Department of Education and local school corporations. The report provides the most recent data available.

Indiana educators and citizens have developed higher academic standards for all students. These standards are necessary to prepare Indiana students to be successful in life, whether they go directly to higher education or to the workplace. The scores for ISTEP+ are listed under each school to reflect student progress toward those standards. **Note: In 2014-15 Indiana transitioned to a new, more rigorous college-and-career ready standards and a new statewide assessment to measure these standards. Therefore ISTEP results are not comparable to previous data.** For high schools, you also will see graduation rates and the percentage of graduates who plan to go on to college.

Other important data are provided, such as average attendance rates and indicators of school safety, including expulsions and suspensions. Also included is information about your school corporation, such as how much is spent, on average, for each student; how much teachers are paid; and the percentage of corporation students who are in special education classes or gifted and talented classes.

Definitions (in the order found on the report)

Corporation Level & General School Data	
A-F Accountability Grade	Grade calculated by the IDOE per 511 IAC 6.2-6 and officially assigned by the State Board of Education. For 2014-15, Schools and Corporations were assigned the better of their 2013-14 grade or the 2014-15 calculated grade. For 2015-16, Schools and Corporations were assigned grades using the New Student Centered Accountability Model.
Student Enrollment	Number of students enrolled on October 1 of the school year. Note: Counts for Membership purposes are taken on a different day and may differ.
Non-Waiver Grad Rate	For 2015-16, the percentage of students who entered Grade 9 in Fall 2012 and graduated in four years or less without a waiver
College and Career Readiness Rate	The percentage of 2015 four year graduates who passed an Advanced Placement test, passed an International Baccalaureate test, received 3 hours of Dual Credit, or received an Industry Certification.
